

**District 50 Proposed Alignment
As approved by DEC 3/18/17**

DISTRICT ALIGNMENT

Every July 1 a new leadership team is elected or appointed to serve our Toastmaster clubs. Every club will have new club officers, Area Director, Division Director, Club Growth Director, Program Quality Director, and District Director – no matter which area, division, or district they are in. They also may have a new area, division, or district on July 1.

During the year, each district gains new clubs and loses some clubs; clubs will move locations; clubs will change strength. Once each year, districts must review and amend, if necessary, the alignment of the clubs, areas, and divisions within their boundaries.

The District Alignment Committee follows guidelines from Toastmasters International. All clubs must be aligned within the boundaries of the District and Division where they meet. District boundaries can only be changed by Toastmasters International. Division boundary changes can be made as needed by the Alignment Committee in accordance with guidelines. Within the Divisions, clubs are aligned with these considerations:

- 4 to 6 clubs per area
- Availability of an Area Director to effectively provide service
- Geographical proximity
- DCP participation
- Possible growth/loss
- Anticipated changes
- Strategy focused on the benefits for all

This year, the Alignment Committee also incorporated:

- Feedback and input from current Area and Division Directors
- 10-year histories of clubs
- Prospective clubs that should charter before July 1
- Mapping programs
- A balance of clubs within Divisions and Areas

The following alignment was approved by the District Executive Committee on March 18, 2017. It will be presented for approval by the District Council at the District 50 Business Meeting on Saturday, May 13, 2017.

This proposed alignment also includes a few changes to Division boundaries. The boundaries and maps will be added to this document at a later date.

On the following lists, columns indicate existing Divisions and Areas, and are arranged by the new Divisions and Areas. CHANGES are highlighted in yellow. Prospective clubs are in blue type; advanced clubs are in italics.
